CAREER OBJECTIVE

To obtain a challenging position as a UI/UX Developer in a dynamic, creative, and growth-oriented environment, where I can leverage my expertise in front-end development to build clean, user-friendly, and accessible interfaces, with a strong focus on usability and standards-compliant solutions.

SUMMARY

- UI Developer with **10 years 10 months** of professional experience in User Interface Development using modern web technologies. Strong hands-on expertise in **HTML, HTML5, Pug (Jade), CSS, CSS3, SASS, Bootstrap, Responsive Web Design (RWD), AMP (Accelerated Mobile Pages), JavaScript, jQuery, and React.js**.
- Strong experience in handling cross-browser compatibility issues and optimizing web applications, including the use of CSS sprites and front-end best practices.
- Up-to-date knowledge of the latest industry trends in UI design and usability.
- Proven ability to handle challenging projects in a professional and efficient manner.
- Strong problem-solving and planning skills, with the ability to work independently as well as in a team environment.
- Strong coding skills with a focus on clean, maintainable, and scalable code.

TECHNICAL SKILLS

Web Technologies:	HTML, HTML5, CSS, CSS3, and React.js
CSS Preprocessor:	SASS (Syntactically Awesome Stylesheets)
UI Framework:	Bootstrap
Scripting Languages:	JavaScript and jQuery
Mobile Technologies:	Responsive Web Design (RWD) and AMP (Accelerated Mobile Pages)
Tools & IDEs:	Visual Studio Code, Brackets, Sublime Text 3, Adobe Dreamweaver, Adobe Photoshop, and Beyond Compare
Operating Systems:	Windows 7, 8, and 10
