

Nomaan Arif

UI Developer | Front-End Developer | React.js Developer | Web Designer | HTML Developer

Address: Plot Number - 146, Mullaheda Village, Sector - 22, Gurugram

Mobile no: +91-8745999480

Email ID: nomaanarif786@gmail.com

Linkedin Profile: <https://www.linkedin.com/in/nomaan-arif-b0590a102/>

PROFESSIONAL SUMMARY

Senior UI Developer with over 11 years of professional experience building clean, accessible, and high-performance web interfaces with HTML5, CSS3, SASS, JavaScript (ES6+), and React.js. Skilled at translating high-level requirements and design comps into intuitive, pixel-perfect, responsive interfaces across travel, e-commerce, education, and government domains. Strong command of UI/UX principles, responsive design, cross-browser compatibility, and front-end performance optimization, including lazy loading and virtualization. Experienced contributing within MNC-scale and government delivery environments, mentoring peers, enforcing coding standards, and providing project estimates. Focused on scalable, maintainable, standards-compliant code.

CORE TECHNICAL SKILLS

Languages & Markup	HTML5, CSS3, JavaScript (ES6+), jQuery, and Pug (Jade)
Frameworks & Libraries	React.js, Bootstrap, and jQuery
Styling & Pre-processors	SASS/SCSS, CSS3 Animations, CSS Sprites, and BEM (Block, Element, Modifier)
Responsive & Mobile	Responsive Web Design (RWD), Mobile-First Design, and AMP (Accelerated Mobile Pages)
Performance & UX	Front-End Performance Optimization, Lazy Loading, Virtualization, Page-Speed Optimization, Cross-Browser Compatibility, Accessibility, UI/UX Implementation, and Wireframing
Practices	Component-Based Development, Reusable UI Components, SEO-Friendly Markup, PSD-to-HTML/Figma-to-HTML Conversion, Code Reviews, and Project Estimation
Tools & IDEs	Visual Studio Code, Sublime Text 3, Brackets, Adobe Dreamweaver, Adobe Photoshop, and Beyond Compare

PROFESSIONAL EXPERIENCE

I2A Technologies Pvt. Ltd. (23-May-2022 to Present)

Innovative technology solutions powering Travel, Wellness, E-Commerce, and Fintech industries.

Sr. UI/UX Developer

Roles & Responsibilities

- Translated high-level product requirements and design comps into intuitive, functional front-end interfaces, partnering with the IT Head on technical approach and reporting daily sprint status to keep delivery aligned with evolving needs.
- Built and maintained responsive UI with HTML5, CSS3, SASS, Bootstrap, and jQuery, following established coding standards and refactoring legacy markup into reusable, maintainable patterns, reducing UI defect rework by an estimated [25%-35%].
- Applied front-end performance techniques including lazy loading of non-critical assets, cutting average page load time by roughly [30%-40%] and improving responsiveness on low-bandwidth connections.
- Enforced accessibility and cross-browser standards across releases, shipping iterative enhancements through Agile sprints while maintaining clean, scalable code.

SynapseIndia Outsourcing Private Limited (11 Nov 2021 – 12 May 2022)

Technology solutions firm delivering scalable web products for global clients.

Sr. UI/HTML Developer

Roles & Responsibilities

- Delivered pixel-perfect, responsive interfaces from design comps for multiple client web applications, coordinating with the group head on approach and daily progress to ensure on-time hand-offs.
- Engineered UI with HTML5, CSS3, SASS, Bootstrap, and jQuery, adhering to group coding standards and best practices for layout consistency across browsers and devices.
- Diagnosed and resolved rendering issues specific to iPhone and macOS Safari, achieving full visual parity across the targeted device matrix and eliminating recurring client-reported display defects.
- Maintained and updated live websites against changing requirements, accelerating UI change-request turnaround by building reusable style modules.

SNVA Ventures Private Limited (1-Feb-2017 to 10-Nov-2021)

Diversified group operating across IT, education, media, travel, and fashion verticals.

Sr. UI Developer

Roles & Responsibilities

- Led UI development for flagship travel and ed-tech platforms (Careerera, Flycoair), guiding and mentoring a team of up to 5 developers reporting through the IT Head, translating wireframes into mobile-first, fully responsive experiences.
- Converted PSD comps into semantic, SEO-friendly HTML5/CSS3 markup and implemented AMP, plus virtualization of long content lists, driving faster mobile rendering and stronger organic search visibility.

- Applied page-speed optimization — CSS sprites, asset minification, image optimization, and lazy loading — improving Core Web Vitals and reducing mobile load times by an estimated [30%-40%].
- Planned and estimated project effort, reporting hours to the IT Manager for billing, and ran systematic cross-browser/cross-device testing to improve sprint planning accuracy and on-time delivery.

• **BLS International Services Limited (9-May-2015 to 9-June-2016)**

Global provider of visa, passport, and document attestation services to government clients.

Jr. UI Developer

Roles & Responsibilities

- Developed the responsive front-end for the MEA (Ministry of External Affairs)- and UAE-Embassy-approved attestation portal (india.blsattestation.com) using HTML5, CSS3, Bootstrap, and jQuery within a small delivery team.
- Built accessible, standards-compliant interfaces for high-traffic government document workflows, collaborating with senior developers and managers on requirements and daily task tracking.

CERTIFICATIONS & TRAINING

Course Name	Duration	Institute	Technologies/Tools	Grade
UI Development	Nov 2014 – Apr 2015	Ducat India Institute, Noida	HTML5, CSS3, JavaScript, jQuery, Bootstrap, and Responsive Web Design	A
Multimedia & Web Designing	Oct 2013 – Mar 2014	Lycos Computer Education Center, Lucknow	CorelDRAW X4, Adobe Photoshop, Animation, Web Designing, and Adobe Dreamweaver	A

EDUCATION

Qualification	Year	Board/University	Division
Bachelor of Computer Applications (BCA)	2010 – 2013	Chhatrapati Shahu Ji Maharaj University, Kanpur	1 st
